

NIVAS SARAVANA N

+918668060807 nivassaravana01@gmail.com Portfolio GitHub Namakkal, Tamil Nadu, India

PROFESSIONAL SUMMARY

Multi-skilled software professional with experience in Web Development, Java, Databases, and Software Testing (Manual & Automation). Skilled in building responsive applications and implementing structured testing practices to ensure software quality.

PROFESSIONAL TRAINING

SDET Training – QSpiders

Completed Software Development Engineer in Test (SDET) training covering Manual Testing, Automation Testing, Oracle SQL, Java, and Agile Methodology.

Full Stack Development – SDLC

Completed Full Stack Development training covering Frontend Technologies, Backend Development, Databases, and REST APIs.

Global Bankers Certification Program – BankZone

Completed BFSI certification training covering Banking Fundamentals, Financial Services, and Banking Culture.

TECHNICAL SKILLS

Programming Languages : JavaScript, Java

Frontend : HTML, CSS, Bootstrap, React, jQuery

Backend : Node.js, Express.js, REST APIs, JSON

Databases : Oracle SQL, MySQL, MongoDB

Testing : Manual Testing, Automation Testing, Selenium, TestNG

Tools : Visual Studio, Eclipse IDE, GitHub, Git, MS Office, Power BI, Google Workspace, Canva

TESTING

MANUAL TESTING

- Efficient in writing, executing, and reviewing test cases
- Strong knowledge of **SDLC, DTLC** and **STLC** concepts
- Detailed understanding in **Black Box Testing**
- Skilled in **Functionality, Integration, System, Acceptance, Smoke, Adhoc, Exploratory, Performance, Accessibility, Compatibility, I18N, L10N, Usability, Comparison, Regression, Recovery, Reliability Testing**
- Detailed knowledge of **defect tracking** and the **defect lifecycle**
- Strong understanding of **Agile Methodology**

AUTOMATION USING SELENIUM

- Proficient in writing **automation test scripts** in **Eclipse IDE** using **Selenium WebDriver**
- Strong knowledge of **locators, waits, and WebDriver/WebElement methods**
- Skilled in **Taking screenshot, Actions, Select, and frame handling using selenium**
- Experienced in **data-driven testing** using **Excel** and **properties files**
- Well-versed in **Page Object Model (POM)** and **TestNG** for test execution and reporting

DATABASE (SQL)

- Solid Understanding of **DBMS**
- Good understanding of **RDBMS** concepts
- Skilled in writing of **SQL queries**
- Good knowledge of **SQL statements: DDL, DML, TCL, DCL, and DQL**
- Detailed knowledge in **SQL Operators**
- Experienced in working and practicing queries on **Oracle SQL PLUS** and **MySQL WorkBench**
- Worked on **database creation, table management, and CRUD operations**

PROJECTS

Personal Portfolio Website

- Designed and developed a personal portfolio website using HTML, CSS, and Bootstrap.
- Applied modern UI styling, animations, smooth navigation and designs.
- Integrated GitHub and email links to showcase projects and enable easy contact.

Project Link : <https://github.com/nivas-s-n/Portfolio>

Live Link : <https://nivas-s-n.github.io/Portfolio/>

Furniture Website Project

- Developed a furniture brand using HTML and CSS.
- Styled layouts using CSS for a professional and visually appealing design.
- Ensured responsive and user-friendly design across devices

Project Link : <https://github.com/nivas-s-n/furniture>

Live Link : <https://nivas-s-n.github.io/furniture/>

Blockchain & Crypto Trading Website

- Developed a responsive blockchain and cryptocurrency trading website using HTML5, CSS3, and Bootstrap 5
- Implemented Bootstrap grid system and components for mobile-first responsiveness
- Focused on modern UI design, visual hierarchy, and user-friendly layout

Project Link : <https://github.com/nivas-s-n/blockchain>

Live Link : <https://nivas-s-n.github.io/blockchain/>

Grocery Website Project

- Built a multi-page grocery website using HTML, CSS, and Bootstrap
- Used Bootstrap components such as navbar, cards, grid, and buttons
- Applied custom CSS for styling, spacing, and branding
- Optimized layout for desktop, tablet, and mobile screens

Project Link : <https://github.com/nivas-s-n/grocerie>

Live Link : <https://nivas-s-n.github.io/grocerie/>

DemoWebShop (Testing Project)

Domain: E-commerce

Overview: DemoWebShop is an e-commerce website where users can search for products, select items, and make purchases.

Responsibilities:

- Developed and executed test scripts using Selenium in Eclipse.
- Implemented a hybrid framework, incorporating Data-Driven Framework and Page Object Model (POM).
- Ensured efficient test automation for web application functionality.

EDUCATION

BE – Electronics and Communication Engineering
Hindusthan College of Engineering and Technology
CGPA : 8.68

HSC – Nalandas Hr Sec School
Percentage : 65%

SSLC – Nalandas Hr Sec School
Percentage : 88.6%

CERTIFICATIONS
